

NEW SKILLS: Pupils at Bolton-by-Bowland and Grindleton Primary schools enjoy a sporty week of new activities. (S)

Youngsters enjoy sport opportunity

TWO sporty Ribble Valley schools collaborated for a packed week of activities during the fine weather.

Bolton-by-Bowland and Grindleton Primary Schools took part in cycling training, orienteering, a treasure hunt and virtual athletics, among other things.

Mrs Stansfield, who is headteacher at both schools, said: "The children have really enjoyed coming together and learning new

skills while enjoying sports not normally undertaken during the school year.

"The cycle training was an excellent opportunity for children from both schools to learn how to cycle on the road.

"Roefield provided a dance mat session for Bolton-by-Bowland children, and badminton training for Grindleton children.

"Sports week gives our small schools a fantastic opportunity to participate in team events."
